

**Homework for the Week of February 17th-20th**

1. Read each night and log your reading.
2. Visit DreamBox and RAZ-Kids at least twice this week!

**Language**

This week we will be celebrating Kindness Week in our class and school community. We will be reading stories related to kindness and celebrating acts of kindness in our classroom. For this weeks writing activity you can write **one** of the following: 1) A kindness poem; 2) describe an act of kindness that you have done for someone; or 3) retell a story you read about showing acts of kindness.

In geometry, we have been exploring 2 dimensional shapes and their attributes. For the shapes below, compare the same attributes in the middle column, and the different attributes in the column underneath the shape. Think: # vertices, # angles, right angles, bigger than a right angle, smaller than a right angle), # sides, any equal length sides, and parallel sides. Use arrows and hatch marks!
