

Homework for November 3–6th

1. Read nightly and log your reading
2. Visit RAZ-Kids at least twice this week.
3. Visit Dreambox at least twice this week.

Literacy—we have been examining descriptive texts.

Descriptive texts help readers visualize using their five senses. Read a text and visualize. Write down the words or phrases that helped you visualize in the chart below.

Smell	Sight	Taste	Touch	Hear

3. In Math class, we continue to work on adding 2 and 3 digit numbers. This week at home, we would like your child to solve the following using **strategies** we have learned in class such as:

Add the tens, add the ones, add them together

Start with the greatest number, then add the tens from the other number, then add the ones from the other number

A number line

Make a friendly number (e.g. $49+22$ Think $50+22=72$ then take 1 away, which equals 71)

What is $58 + 27$?
